

Abtech Terms and Conditions of Sale of Hardware, Software, and Non-Recurring Services

The party purchasing goods or services based in whole or in part on this quotation or any third party acting on behalf of such party including but not limited to agents, contractors, lessors, partners, affiliates, or subsidiaries ("Client") hereby unconditionally agrees to, accepts, and will be bound by these Terms and Conditions of Sale for Hardware, Software, and Non-Recurring Services ("Agreement") by placing an order with Abtech Technologies, Inc. or any of its subsidiaries, DBAs, agents, successors, or parent companies ("Abtech").

1. OWNERSHIP AND RETURNS

1.1 Title, ownership, or right to license equipment or software sold, rented, or leased to Client transfers from Abtech to Client when invoice (or final invoice if Abtech lease buyout or other Abtech multi-payment plan) is paid in full by either Client or Client authorized third party (eg. parent company, private equity company, or leasing company). Price quoted based on a cash purchase and does not include shipping and handling charges. Until payment in full is received, Client hereby grants to Abtech a first priority security interest in the Products and all proceeds thereof towards partial or full payment of the total debt owed. Abtech may file protective UCC filings.

1.2 Cancellations: All sales are final and cannot be cancelled once an order is accepted by Abtech.

1.3 Replacements: Client may return defective products within 30 days of order with an approved RMA number. To meet the RMA requirements of our suppliers, returned equipment must be received by Abtech within seven (7) days after Client receives replacement equipment otherwise Client will be charged a 100% restocking fee. RMA for defective product with replacement: Replacement equipment will be shipped at the same level of delivery service priority as the original order. Faster delivery service may be available at an additional charge.

2. RENTALS AND LEASES

2.1 Rental and Leases by Abtech: The rental or lease period begins to accrue from the date of shipment and continues to accrue until the agreed upon term is fulfilled and all the returned products are physically received by Abtech. Rental and lease invoices will be issued every 30 days starting on the date of shipment and are to be paid in advance of each 30-day rental or lease period. Products that are shipped in partial increments will be deemed as independent and are invoiced as separate rentals or leases. As renting or leasing of equipment substantiates a rental or lease of product(s) and not a sale Abtech maintains title to all products under the Agreement, unless bought out at the end of the term. Client is responsible for all maintenance or repairs of the rented or leased products during the rental or lease period. All rental or lease equipment must be returned in the condition received, otherwise Client will be billed for all costs required to bring equipment back into like condition. For all rental or lease transactions, Client agrees to add Abtech to their insurance policy as an additional insured. Client agrees that Abtech may file protective UCC filings. The rented or leased equipment can be bought out by Client at any time during the rental or lease period at a price agreed upon by Client and Abtech.

2.1.1 Client shall take any action reasonably requested by Abtech for the purpose of fully effectuating the intent and purposes of this Agreement. The parties intend for each lease to constitute a true lease under the UCC and all applicable laws; however, if any lease is determined to be other than a true lease, Client hereby grants to Abtech a first priority security interest in the Products and all proceeds thereof towards partial or full payment of the total debt owed. Client acknowledges that by executing this Agreement, Client has authorized Abtech to file any financing statements or related filings as Abtech may deem necessary or appropriate. Abtech may file a copy of this Agreement or any Schedule in lieu of a financing statement. If any lease is determined to be a lease intended as a security, in no event shall Client be obligated to pay any time price balance as differential in excess of the maximum amount permitted by applicable law (as specified herein or the state where the Products are located, whichever law permits the greater amount).

2.2 Rentals, Leases, or Other Financing through Third Parties: If Products and Services purchased are financed by a third-party company, Abtech will not transact the order until proof of financing through the third-party company is provided to Abtech and payment terms of the third-party company to Abtech is approved by Abtech. Until payment in full is received from third-party finance company, Client hereby grants to Abtech a first priority security interest in the products and all proceeds thereof towards partial or full payment of the total debt owed. Abtech may file protective UCC filings.

Client will be invoiced for additional number of hours required to complete the job to as close to Client's satisfaction as is technically reasonable and subject to any minimum billing in the quotation plus travel and incidental expenses incurred. Additional charges may apply for auxiliary service, special equipment, weight increase, waiting time, extra labor, or any circumstance that Abtech has not been made aware of at the time of this estimate.

3.3 During a Time and Material or Depot Repair service engagement additional parts may be necessary to complete repairs and return the equipment to the OEM's operational specifications. 3.6 If during the course of Service additional work is required and is to be performed by another Abtech consultant (including but not limited to assisting in the reload of data, fixing or programming scripts, file system work, patching, or operating environment troubleshooting) then Client will be charged Abtech's standard rates for every hour that the consultant is engaged in addition to the hourly rate of the onsite technician. A Scope of Work will be generated and agreed to in writing by Client for an Abtech consultant or engineer to begin the work.

4. DAMAGE

4.1 Unless explicitly stated otherwise, all costs to repair or replace any equipment due to damage and/or loss claims prior to the transfer of title or ownership to Client are the sole responsibility of the Client, including shipping damage regardless of whom arranged and paid for shipping. If damage occurs, Client agrees to notify Abtech within two business days. If such damage is alleged to have occurred during shipment, all packing materials must be retained until the carrier and/or inspector has had an opportunity to inspect the damage and prepare a report. Failure to comply with the above may result in claim being disallowed by the carrier, in which case the Client would be responsible for 100% of the invoice amount or in the case of a lease or rental, the replacement value of the equipment. If shipping is part of a relocation service Abtech's Transit or Inland Marine insurance covers only physical damage during the course of the relocation project. If during a relocation equipment is damaged prior to or after relocation and Abtech is asked to repair damaged equipment the policies and rates regarding repair by Abtech in this Agreement shall apply.
